

Healthy Climate®

Indoor Air Quality Solutions

HC10

Whole-home filtration

Healthy Climate® 10 Media Air Cleaner

Provides whole-home filtration for optimal home comfort and air quality, with no additional power source

One product controls particles throughout every room of the home

MERV 10* ratings for effective filtration performance

Clean Air Delivery Rate (CADR) value of 520** for efficient removal of dust, smoke and pollen throughout the home

No ozone emissions, a known lung irritant

Compatible with your HVAC systems

WARRANTY***

5-year limited warranty on covered components.

*The MERV (Minimum Efficiency Reporting Value) rating of a filter describes the size of the holes in the filter that allow air to pass through. The higher the MERV rating (categories range from 1 to 16), the smaller the holes in the filter, the better the filtration.

**The Clean Air Delivery Rate (CADR) represents the cubic feet of clean air produced per minute.

***Applies to residential applications only. See actual warranty certificate for details.

EFFECTIVE FILTRATION FOR A CLEANER, HEALTHIER HOME

You can count on the Healthy Climate® 10 media air cleaner for superior results. Unlike portable filtration units that only solve part of the problem (one room at a time), the HC10 addresses the whole problem. Designed to work with your heating and cooling system, it installs easily into your ductwork and delivers cleaner, fresher air in every room, capturing particles and other allergy-aggravating irritants. It works continuously to keep the air clean throughout your home, so you can breathe easier throughout the year.

REMOVES UP TO 85% OF PARTICLES AND BIOAEROSOLS

Particles—Pollen, dust mites, dirt, pet dander.

Particles are any substances measuring less than 100 microns in diameter.

Bioaerosols—Bacteria, viruses, mold spores, fungi.

Microscopic living organisms that grow and reproduce in warm, humid places.

Healthy Climate® 10 Media Air Cleaner

- ◆ Effective media filter (MERV 10/CADR 520)
- ◆ Up to 85% efficient in removing particulate contaminants such as dust, dirt, and mold spores down to 3 microns†
- ◆ Metal door with foam insulation
- ◆ New 7" SlimLine™ cabinet allows for installation in even the tightest applications
- ◆ No ozone emissions, a known lung irritant

†One micron = 1/25,000 of an inch in diameter
